Fees for the audit of the accounts of the Official Receiver, Bangalore -- Revision of --

---

Sir,

I have the honour to invite a reference to Rule XVIII (3) of the Bangalore Insolvency Rules 1923 and to state that the fees recovered at present under this rule are in excess of the actual cost of audit as arrived at by applying the daily rates of fees prescribed by the Government of India in their letter No.B.334-F dated 15-1-1931 to the Auditor-General. It would however be impracticable to apply the latter rate, as in the absence of information regarding the cost of audit which will be known only after the audit is over, the Official Receiver would not be in a position to know exactly the amount to be reserved for audit fees in cases of distribution to creditors, ordered before the audit has taken place. It is necessary therefore that the fees should continue to be charged as a percentage of the amount realised by the Official Receiver since last audit. The present rate of annas 12 per Rs.100/- gives, however, a much bigger return towards the cost of audit as compared with the Government of India rate and although it is difficult to arrive at a figure representing the actual cost of audit I am of opinion that the present rate is excessive.

If the Hon'ble the Resident has no objection, I would suggest that the rate be reduced to 8 annas per Rs.100/-. This rate would give a return approximating to the cost of audit as worked out on the basis of daily rates recently fixed by the Government of India as applied to the last six years and may be fixed for a period of three years for the present. This reduction will presumably have to be effected by an amendment of the Bangalore Insolvency rule referred to above

I have the honour to be,

Sir,

Your obedient servant,

Accountant-General.
